Purpose of Committee

The role of the Property Committee is to oversee the material aspects of the development and maintenance of the Board's buildings and grounds.

The Committee oversees strategies for achieving the plant and facilities' goals, which are to provide a physical environment that meets the needs of the school's educational programs and takes into consideration the school community's requirements in the areas of health, safety, aesthetics, accessibility, and environmental impact.

The Committee works closely with the Manager of Finance and Treasurer and the Joint Health and Safety Committee.

Frequency of Meetings

The Property Committee meets on an ad hoc basis, at the call of the Property Chair. The Property Chair provides verbal/written reports, as needed, to the Board as a whole.
