POLICY/ PURPOSE STATEMENT

It is the policy of the Board to ensure processes are established to safeguard the health and well-being of students, staff, volunteers, and visitors and to provide direction for procedures to be followed in the event of any accident or injury while on board property or while on school-sponsored events.

PROCEDURES

Prevention:

1. School Administrators will annually review required policies and procedures with staff members, volunteers, related to health, safety and wellness.
2. School Administrators and appropriate Board Staff will make available the appropriate safety guidelines, protocols, resources and training each year related to safety and well-being so staff members are aware and knowledgeable.
3. School Administrators and appropriate Board Staff, or approved agencies, will ensure that regular inspections and maintenance of facilities and equipment are scheduled and documented.
4. At least 3 staff members will be qualified and current for an approved First Aid Certificate.

Injury/Accident:

1. Treat all accidents as serious at first. For serious injuries or when in doubt, call an ambulance immediately.
2. Whatever the situation, attend to any first aid that is necessary.
3. The following are the steps to be taken by those involved:

NOTE:

- (i) Any injury to the head or extreme blow to the body is to be treated as being serious. In the case of an extreme blow to the head or body the possibility of a concussion or neck injury is to be considered (Refer to Policy D-26 Student Concussion Protocol).
